# VOTE PALLAVI DEVULAPALLI FOR SOUTHWEST NORFOLK

Pallavi is a hard-working, well-known local GP, mum and borough councillor who cares passionately about our area and our communities.

Pallavi says **“I spend a lot of time going to parish council meetings, community centres and charitable events, meeting people, sharing ideas, and listening. People here are compassionate animal-lovers, they want sensible development that helps them keep their towns & villages thriving, and also to retain their wildlife and green spaces.”**

Pallavi has been campaigning for:

- ✓ **Proper funding for our NHS - including rebuilding the QEH**
- ✓ **Reforming the dental contract so that we are not a 'dental desert'**

If elected, she will continue to do this and will:

- ✓ **Oppose polluting industrial factory farms**
- ✓ **Demand better bus and train connectivity**
- ✓ **Promote rooftop solar and home insulation**
- ✓ **Demand an end to sewage leaks in our rivers and seas, and support nationalisation of our water supplies**
- ✓ **Ask for support for farmers to enable change to sustainable farming practices**
- ✓ **Support local businesses**

**Pallavi thinks we have been woefully underserved by current and previous governments, due to which we've now ended up with:**

- Poorly maintained roads with potholes
- Inadequate, expensive bus and train services
- Sewage in our rivers and seas
- Reckless planning laws that allow building over every inch of greenery
- Underfunded military, schools and hospitals
- Flooding on our streets and in our homes
- Unchecked air, soil and water pollution
- Catastrophic loss of wildlife

**THE CHOICE IS STARK ON THE 4TH OF JULY**  
**Will you vote to carry on as we are or**  
**will you vote for a cleaner, greener**  
**South-West Norfolk?**

Huge thanks to the 1645 people who voted for Pallavi at the last election.

If another 10 people voted Green for every 1 who voted last time, we could have a new Green MP!

**It really is that simple.**
