# We are accountable to our members

- Monthly meetings with open mic. All our minutes, reports and files are shared on Green Spaces and in our monthly newsletters. We inform members in good time and role model good governance.
- **Challenges:** loss of five committee members to no-fault suspensions and/or expulsions has increased our workload. Loss of all our files from Green Spaces.
- **Future Steps:** to continue our work for women and girls. Campaign ideas: Afghani Women speaker event; The March for Clean Rivers, Octopus Farming. Ideas for discussion are most welcome.

**Please do attend our AGM: Saturday 7th September: 09.00–10.15. We look forward to seeing you there. Have a good Conference! Best wishes, your Green Party Women Committee.**
